Dear Patient:

To ensure that your physical examination is of the highest quality and comfort, please observe the following:

PHYSICAL EXAM NOTES

Please bring the Physical Exam forms completely filled out with you on the day of your scheduled exam.

Use an ink pen to fill out the Physical Exam forms writing your name and the date on top of each page.

On the day of your examination:
PLEASE DO NOT USE BODY LOTIONS.
PLEASE DO NOT USE PERFUME OR COLOGNE AFTER YOUR BATH.
WEAR LOOSE FITTING CLOTHING.
PLEASE DO NOT WEAR PANTYHOSE.

It is advisable to leave small children at home so that the physician has your complete attention during the examination.

Please call the member services number on the back of your insurance card and ask if the physical examination will be covered and what tests may or may not be covered during the physical examination,
i.e. blood work, EKG, chest x-ray, etc.

If you have not eaten or drank any liquid (except for sips of water) for at least 8 hrs on the day of your examination, your laboratory studies can be done on the same day. If you are unable to wait that long for a meal, then your laboratory studies can be scheduled for another day.

If you decided to go without food or drink until your visit, you may take your medications at the normal time with small sips of water.

There will be a $50 charge for any physical not cancelled within 24 hours prior to your appointment.

Thank you,

Staff at Jupiter Family Healthcare

Important Information Regarding Your Physical

Jupiter Family Healthcare providers practice comprehensive medical care that is based on prevention as well as evaluation and management of your diseases, complaints and concerns.

Today you are scheduled for your ***PHYSICAL EXAM,*** often called an annual wellness exam, annual health maintenance exam or yearly check-up. According to insurance coding guidelines, this visit is designed to educate you on changes you can make to live a healthier life and to provide screening tests appropriate for your age and gender. It includes a review of your personal medical and social history, family medical history, counseling on immunizations, a review and discussion of your diet and exercise habits. It will also include the potential need for additional screenings based on age and personal history. Preventative services generally include the following:

-Immunizations	-Health habits
-Nutrition/ education review	-Sleep patterns
-Medication review	-STDs
-Preventative screenings: labs, mammograms, colonoscopy	

Many insurance plans today now cover preventative services at 100%. This Physical Exam/ Wellness exam encounter is NOT designed to address specific complaints or to manage known medical conditions.

Today you may receive services that could be applied to your plans deductible, coinsurance or copay. ***OFFICE VISITS*** for new problems and/or management of an existing condition(s) are designated for the evaluation, management and treatment of single or multiple concerns or conditions. In some cases throughout the course of your exam, your provider may identify a new medical concern. If this occurs, your routine physical will expand to include an office visit and perhaps additional condition specific testing will be ordered. These additional service(s) are NOT considered part of your physical exam by your insurance company. If this occurs, you will be billed for your physical exam AND an office visit. Billing for both services is compliant with insurance billing guidelines. If your plan charges copays for the office visits, you will be asked for that co-payment by a member of our team. Examples include but are not limited to:

-Headaches	Hypertension	Diabetes	Cough/ Cold/ Allergy
-Chest pain	Asthma	Joint pain	GYN concerns
-Arthritis	Fatigue	Weight loss/ gain	Back/ Joint pain
-Abnormal labs	Medication monitoring	Any Prescription or REFILL	

It is important to understand your individual benefit coverage as benefits differ from plan to plan and in some cases from year to year. If you have questions, please contact your insurance company.

Your signature below indicates that you have read and understand that you will be financially responsible for the portion of the visit provided today that may not be covered in full by your insurance company.
